\* Small group tutoring is \$10 per hour.  
 One-on-one tutoring \$50 per hour.

# PROGRAM OVERVIEW

Sessions Include:	Weekend School	Evening Instruction	End of Grade (EOG) Camp	Summer Camp
<b>NC Certified Instructors</b>	✓	✓	✓	✓
<b>Project-Based Learning</b> ( <i>experiential learning</i> ) Students practically apply the math and ELA principles that they have learned in a fun and interesting science-project.	✓		✓	✓
<b>Interactive Instruction</b> ( <i>data driven instruction</i> ) Individualized lesson plans are developed using benchmark data to monitor goal achievement. Lesson plans are loaded in each student's on-line portfolio for work in our computer labs or at home.	✓		✓	✓
<b>Small Group Instruction</b> ( <i>differentiated learning</i> ) With a low teacher-student ratio, instructors help students develop a deeper understanding of core concepts. Students work together to achieve group performance goals and targets during each session.	✓		✓	✓
<b>Real World Application</b> ( <i>social impact filtered via historical/current affairs lens</i> ) Students make connections by discussing what they've learned in the context of current events. This makes their learning relevant.	✓		✓	✓
<b>One-on-One Teacher Conference</b> Our certified instructors will review assessment results and track student growth.	✓			✓
<b>Tutorial &amp; Homework Assistance</b> Small group and one-on-one tutoring sessions available	✓	✓		
<b>SMART Adventures</b> Field trips where students can practically apply what they've learned in the classroom and discover more about the world around them.	✓			✓
<b>TUITION</b>	<b>\$37.50 / 3 hr class</b>	<b>Starting at \$10 / hr*</b>	<b>\$37.50 / 3 hr class</b>	<b>\$150 / week</b>
<b>SESSIONS</b>	<b>October - March</b>	<b>September - May</b>	<b>April - May</b>	<b>June - August</b>
